WOMEN OF INFLUENCE AWARD 2019

About the “Women of Influence” Award

The Women of Influence Award 2019 recognizes a local woman who has made a strong impact as leader, innovator and change-maker in the community. We look to honour women who have made outstanding contributions to their industries or fields through their leadership and entrepreneurship, meaningful accomplishments and achievements, and breaking down barriers or making significant advancements.

The award is open to women of all backgrounds, experiences and industries. From teachers to entrepreneurs to artists and everything in between, we want to recognize leadership and innovation in all its forms and celebrate the strength and diversity of the women in our community.

Our region is known for its vibrancy, entrepreneurship and continuous growth and the award is a way to show appreciation for the many ways that women are making significant contributions to our social and economic development.

The Women of Influence Award was created to commemorate International Women's Day in Sackville and Area. The 2019 theme “Balance for Better” calls for collective action and shared responsibility to create a gender-balanced world at every level.
